Art Unit: 1631

The Art Unit location of your application in the USPTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Art Unit 1631.

This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.

The references crossed out on form PTO-1449 (submitted June 13, 2001) are not in the file and are not readily available to the USPTO. Applicants may submit copies of these references for consideration in any response to this Office action without submitting any fee and without submission of an additional listing of these references on form PTO-1449 for their consideration by the examiner.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 44, 90, 92, and 96 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kline et al (J. Invest. Med. 44 (7), 380A (1996)). This rejection is repeated for reasons already of record (e.g., Office action mailed July 30, 2001, page 3). The Katz-type declarations filed January 22, 2002 are not convincing because the declarations do not mention J.V. Weinstock who is listed as an author on the reference. Additionally, the declarations mention V. Jain who is not listed as an author on the reference.

Claims 42, 43, 45-53, 55-89, 91, 93-95, and 97-101 are allowable over the prior art of record.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
